## **Introduction**

Ishanvi Cranes Pvt Ltd offers the complete spectrum of engineering services for cranes with total design, fabrication and installation. We also provide cost estimates and contracting services for repairs, modification, refurbishment and enhancement of the crane capacities. We handle Crane Engineering tasks for other brands of cranes as well.

ICPL offers customized services 24/7 throughout the year. Our After-sales staff and engineers guide the customers towards the safest and most economical solutions, whether it is a standard crane system or a crane system requiring specialized engineering or a complete gantry application.

Our skilled technicians provide our customers with service on any type of cranes. The service and follow-up measures ensure that our products deliver the best performances. It is of primordial importance to us that we maintain customer satisfaction on a continuous basis.

ICPL offer a variety of preventive maintenance programs for most makes and types of lifting equipment. A thorough set of inspections and analyses is carried out by our servicing team who then provide inputs for optimizing product performance while keeping costs and loads balanced. Our Preventative Maintenance Programs are developed to ensure maximum uptime in your facility.

### **Our Vision:-**

We are committed to be counted as one of the supplying of world class products in EOT cranes. We believe in catering to requirements of the industry with our exceptional quality products.

### **Our Values:-**

We strive to give the best quality to our customers at all time. We carry out our business with full ethical values for the satisfaction of our clients.

- **Providing 24/7 Days Service**
- **Availability of genuine spare parts.**
- **24/7 on call breakdown service**
